PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the only sure and quick way to drive it out is to purify and enrich the blood. These simple facts are well known, and the highest medical authorities agree that nothing but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious. Brown's Iron Bitters will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is positively not injurious.

Saved his Child.

27 N. Euclid St., Baltimore, Md. Feb. 15, 1882.
Gents:—Upon the recommendation of a friend I tried Brown's Iron Bitters as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of Brown's Iron Bitters, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required," and when informed that the elder sister was taking Brown's Iron Bitters, responded "That is a good tonic, take it."
ADAM PHILIPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

STARTLING DISCOVERY!

LOST MANHOOD RESTORED.

A victim of youthful imprudence causing Premature Decay, Nervous Debility, Lost Manhood, etc., having tried in vain every known remedy, has discovered a simple self-cure, which he will send FREE to his fellow-sufferers. Address J. H. REEVE, 45 Chatham St., N. Y.

Too Smart for the Parson.

A young man in an Illinois town stepped into a church door a moment on Sunday while the services were going on, and the smart minister saw him and shouted, "Go out, young man; she is not here." The young man was embarrassed for a moment, and then remembering the several ministerial scandals that were in the courts, he said loud enough for all to hear him: "Yes, she is, you old duffer. You have got her hid behind the organ, and you want to go home with her yourself." The minister blushed and said the services would close by singing the doxology.

How to Travel.

A French writer urges anyone who wants to travel around the world in 80 days or so, without it costing him a cent, to become a Hebrew and live in Russia. He will be shipped to America. In America he must become a Chinaman and be shipped to China. Here he must set up for a Russian. He will be forwarded to Russia by the Chinese, and then, on his turning a Jew again, be sent by the Russian authorities to his starting point in Austrian Poland. If anyone doubts this, let him try it.

Texas Rangers.

The Texas rangers are home guards peculiar to themselves. There are 200 of them in all, employed by the State Government to ride rough-shod over lawlessness. They enlist for one year, and are required to furnish their own horses, saddles, rifles and pistols, and clothing—not uniforms. The dress is go-as-you-please. They get \$30 a month and rations, and do good service.

A Notable Negro.

Attorney-General Brewster had recently dismissed his confidential messenger, who is none other than the colored man Simms, whose arrest in Boston as a fugitive slave, before the war, created such excitement throughout Massachusetts and the other Free States.

Mr. R. C. Moore, of the house of Messrs. Verner & Co., 34 New Street, New York, says that he was almost instantly relieved of severe pain, consequent upon an attack of pleurisy, by one application of St. Jacob's Oil.

Every farmer in America is, or should be, interested in St. Jacob's Oil.

EDITORIAL NOTES.

Things were much mixed in Carson yesterday. Saddle opened a sack in behalf of Adams, while the latter traded off his benefactor and others on his ticket for Republican vote. Duan was thrown overboard early in the day. The Republican county ticket, excepting Judge and Clerk, are successful.

There are ninety names on the San Francisco ballot and the counting will be tedious. It is not expected that all the votes in that city can be counted before Saturday next. There are forty names on the Sacramento ticket, and two or three days may be required to count them.

The election returns are so incomplete and unsatisfactory that they are hardly to be comprehended, except the general results. The most remarkable fact is that Ben Butler is at last elected Governor of Massachusetts.

P. J. Dunne was a candidate for State Controller of Nevada, and J. P. Dunn was an aspirant for the same office in California. What have the people done that they should be dunned so.

A Message to the President and Congress.
NEW YORK, Nov. 8.

The Times says: The Republican party message to President Arthur reads something like this: "Mind your own business, which is not that of interfering in the local politics of your own or any other State. Cease trying to be ward politician and Executive of the nation at the same time. Leave men like John J. O'Brien, Stephen B. French and John F. Smythe to their own devices. Try to expand your political vision beyond the area to which you have been accustomed to confine it. You are not ignorant of the rudiments of statesmanship. Advance beyond them and confide in the people rather than in the politicians. Be assured that when you intruded to foist the claims of Roscoe Conkling on disgusted constituents, you made a fatal blunder; that when you humbly tried to console him, under defeat, with a judgeship of the Supreme Court you insulted public intelligence; that when you lent yourself to work his revenge and that of his master, Gould, against Governor Cornell, you aroused the indignation of every thinking man in this State and sowed distrust of your administration wherever honesty and manliness are reckoned among political virtues. Have a mind of your own, and be President of a nation, not of a narrow and vindictive faction of your own party. The country may be brought to admire Chester A. Arthur, as he may be. It has emphatically condemned Chester A. Arthur as he is."

TO ROSCOE CONKLING,
Also—Albeit private citizen, altogether out of politics and wholly devoted to the practice of law—the Republican party in this State has had something to say. Unless we greatly mistake the meanings of yesterday's vote, it is something like this: "If you have any sense of gratitude for honors which the party has showered on you in the past, take your hands off the organization for the future. Nobody expects you to admit that you have grossly abused the trust reposed in you, but everybody not blinded by prejudice or self interest demands that you should recognize the fact that you have had your day, and that the only service left for you to perform to your party is that of letting your hearers understand that you have nothing more to give them or to ask from them. With the character of your clients the public have nothing to do; but Republicans who retain some admiration for you, as well as those who never had any, have some right to expect that you shall earn your fees by means less shameful than that of packing a State Convention to serve purposes of Jay Gould. If you have not enough self respect to restrain you from intruding where you are not wanted, have at least dignity and common sense enough to keep your griefs and ambition to yourself until your name becomes less intimately associated with party demoralization and disaster."

Killed by Somebody.
CHICAGO, Nov. 7.
Early this morning John Sherman, a clerk in the employ of Noble & Johnson, commission merchants, was found on an upper floor at No. 113 La Salle street, with his neck broken and a gasp on his right temple. He had been dead some time. It is the supposed work of foot-pads.

RETURNS.

The Election in California—Democrats Carry the State Ticket.

SAN FRANCISCO, Nov. 7.
The total vote of the city was 38,647. The Registrar of Election estimates that the majority of the Republican municipal ticket is elected, but has no figures on which to base the estimate. The Republican State Central Committee estimate Estee's majority, outside of the city, at 5,000 to 7,000. The Democratic State Central Committee claim the State, and think the Republican estimates exaggerated, and claim that the Democratic majority in the city will more than make up the losses in the interior.

SAN FRANCISCO, Nov. 8.
A collation of returns shows that the Democrats have carried the State ticket by a handsome majority—probably 5,000—and have elected all Congressmen except in the Second District, where Page is possibly successful, although the contest was close, and have made a clean sweep of the San Francisco municipal ticket, with probably the exception of Mayor. Figures vary on the majority, and it is not certain at present who is ahead. Legislative returns are very meager, but probably the Democrats have a working majority in both houses. The Prohibition ticket cut no figures.

NAPA, Oct. 8.
Six out of twelve precincts give a majority for Estee of 165; Edgerton, 51; Morrow, 75; Dehaven, 145. Precincts to hear from will reduce the Republican majority.

EUREKA, CAL., Oct. 8.
Estee will carry Humboldt county by a small majority.

INDIANA.
INDIANAPOLIS, Nov. 8.

At 12 o'clock the returns had been received from fifty voting places, showing a net Democratic gain on the State ticket indicating a Democratic majority in the State of 2,000. Heilman (Republican) in the First District is probably defeated. The Democrats elected Congressmen in the 2d, 3d, 4th, 5th and 12th Districts; Republicans in the 6th, 7th, 10th, 11th, 13th; 8th and 9th are doubtful.

MICHIGAN.
DETROIT, Nov. 8.

Returns come in very slowly and in an incomplete shape. Appearances warrant the following statement: The entire Republican State ticket is elected by 10,000 or 12,000, except possibly that the Governor runs behind. Both parties claim the Governor. On Congressmen, the Democrats carry the First District and claim that the Fifth is close. The remaining nine are claimed by the Republicans, with a reasonable certainty of both branches of the Legislature, the Republican decisive majorities insuring their United States Senator.

NEW YORK.
NEW YORK, Nov. 8.

Grover Cleveland's majority for Governor is now claimed to be between 140,000 and 150,000. The entire Democratic State ticket is elected.

ALBANY, N. Y., Nov. 8.
The Argus estimates Cleveland's majority at 165,000; Stocum's, 100,000. It gives 17 Democratic Congressmen and 76 Democratic Assemblymen. The Assembly will be Democratic by a small majority.

MISSOURI.
KANSAS CITY, Nov. 8.

Returns of election in Kansas are very incomplete. Specials received indicate that the defeat of St. John (Rep.) for Governor is almost assured. The Republican State ticket, aside from Governor, is probably elected.

ST. LOUIS, Nov. 8.
The Democratic majority on the State ticket is estimated at 60,000.

NEW HAMPSHIRE.
CONCORD, N. H., Nov. 8.

The Republicans elect both Congressmen, Martin O. Hayes in the 1st and Ossian Day in the 2d district. The Legislature, which elects a United States Senator, is Republican by a strong majority. Hale (Republican) for Governor is probably elected by 1,000 majority.

NORTH CAROLINA.
RALEIGH, Nov. 8.

The latest returns indicate that the Democrats will carry the State by an increased majority and will control the Legislature, which elects a United States Senator. They also elect eight out of nine Congressmen.

PENNSYLVANIA.
PHILADELPHIA, Nov. 8.

The Times estimates Patterson's plurality for Governor in the State at 40,000. The Press estimates Patterson's plurality at from 25,000 to 30,000.

MASSACHUSETTS.
BOSTON, Nov. 8.

The whole Republican State ticket is elected with the exception of Bishop. The majority on the State ticket is about 15,000.

Sadler's Sack in Carson—Adams Trades off His Democratic Friends for Republican Support, and the Fusionists Trade off Strother

CARSON, Nov. 8.
The county gives 13 majority for Adams, his friends trading off the

balance of the ticket to win. Powning will carry the county by 25 majority. The Democrats will probably elect the District Judge by a small majority. From the present outlook the Fusion ticket is beaten. Joe Harlow carries the county handsomely. So will Bicknell, Tufty and Laughton. Sadler's sack was used here for Adams and the whole ticket traded for Adams and Ca sidy. Dunne was thrown overboard early in the day. The Fusionists traded off Strother for Democratic support to the county ticket. The count on the county ticket progresses slowly, and the indications are that with the exception of perhaps the Judge and County Clerk the Republicans will win the entire ticket. Dorner has 92 majority.

From Virginia.
VIRGINIA, Nov. 8.

Gold Hill, First Ward complete—majority for Powning 57, Strother 37, Laughton 32, Leonard 158, Dorner 75, Hallock 66, Tufty 94, Davenport 64, Preble 73, Young 84, Harlow 90. The vote is about half counted in Virginia and Strother is sadly left. Powning is slightly in advance, Leonard away in front. The Republican county and legislative ticket is about fifty ahead. We entirely elect all county officers except Person for Sheriff.

From Eureka.
EUREKA, NEV., 8.

Cassidy and Adams will have a majority in Eureka—cannot say how large. Laughton, Hallock, Dorner, Sadler, Merrill, Preble, Bicknell, and Harlow are ahead. The Republicans get a State Senator, and possibly two Assemblymen. The county ticket is badly mixed, but the majority is Democratic.

Connecticut.
HARTFORD, Nov. 8.

Walter (Democratic) is elected Governor by a majority estimated from 2,000 to 3,000. Democrats gain two Congressmen in Connecticut, electing three.

Delaware.
WILMINGTON, Nov. 7.

The Democrats elect Governor and Congressman by a small majority.

The English Press on Yesterday's Elections.
LONDON, Nov. 8.

The Telegraph says: Englishmen can hardly contemplate with equanimity the probability that the next President of the United States will be a Democrat. It is doubtful whether the changes Democrats are certain to introduce in the American tariff will be of advantage to England, and it is also worthy of recollection that the Democratic party was always deeply dyed in antagonism to England. Englishmen may heartily wish their kinsmen deliverance from machine politics, which is fought with menace to the best interests of America.

Notice to Trespassers on Government Lands.

The register of the Susanville Land Office gives the following warning to trespassers on government land, which is printed in the Greenville Bulletin: "Having been informed that a large amount of timber is being cut in your vicinity under cover of homestead entries and pre-emption filings, I desire to make known to all concerned that an entry on United States land under any form for the purpose of cutting the timber thereon is regarded as a deliberate purpose to defraud the government and will subject the offender to punishment. The local officers in each land district are charged with the duty of suppressing such violations of law, and the protection of property of the United States, and I give timely notice that without malice, fear or favor I shall perform the duty assigned me, and trespass upon government land, whether filed upon or not, after publication of this notice will be an aggravation of the offense."

Ducks and Geese.

There ought to be plenty of wild ducks now. Indians are bringing them in daily in considerable numbers, selling five for a dollar. It is said that a few days ago thousands of gray-backed geese alighted on the Meadows a few miles from town, and were apparently quite tame; but it seems that no sportsman got a shot at them, as none were brought to this market. Nearly every night great flocks of them fly over Reno, going southward to Walker and Mono lakes, making more noise and clatter than a woman's suffrage convention. Speaking of ducks, an expert says that the "blue bill" is the best table duck of any on the list, surpassing in flavor and delicacy the mallard and the canvas back.

OBITUARY.

Biographical Sketch of the Late James E. Anderson.

[From the Eureka Leader, Nov. 6.]

At 10:45 this morning James E. Anderson breathed his last. At his bedside from the moment the terrible calamity befell him until his spirit departed and this world's dark work was done, he was surrounded by his family and anxious friends, whose efforts to relieve suffering and prolong the dear life so fast ebbing away were untiring and won the admiration of our community. Not until his last breath was drawn did hope take flight. Through his sickness he battled against fate with such fortitude and determination to recover that the anxious watchers at his bedside were encouraged to believe that he would be restored to his family. During the intervals when conscious he conversed with friends, but his suffering was agonizing for nearly the whole time of his sickness.

His noble wife has borne her affliction with greater fortitude than was anticipated, considering the delicate state of her own health. She has but recently partially recovered from a long sickness, which has rendered her constitution incapable of withstanding the terrible shock she is now experiencing, and her condition is the subject of great solicitation on the part of her friends.

Mr. Anderson by his kindly heart, gentlemanly bearing and courteous manners in social life and business intercourse, won many friends and the esteem of the community. He was born in Harrisburg, Pa., Sept. 29, 1845, being therefore in his 47 year. He served his apprenticeship to the printing business under his uncle on the Lancaster, Pa. Examiner. From there he entered the Government Printing Office at Washington; thereafter he assumed the managing editorship of the Harrisburg, Pa., State Journal. He next visited Louisiana during the election. Returning to Pennsylvania, he became connected with the editorial staff of the North American at Philadelphia. He came to Nevada in 1878, was connected with the Eureka Sentinel for nearly a year as local reporter; after which he commenced the publication of the Ruby Hill Mining News. In October, 1881, he purchased the Eureka Leader and continued its publication until his death.

His remains will be taken to the home of his family at Indianapolis, Ind., on Friday morning, and will be accompanied by his bereaved widow and children and his cousin.

New Horses for Governor Stanford's Stock Ranch.

A special car containing several new horses recently purchased by ex-Governor Stanford, was attached to last night's train, en route to the Palo Alto stock farm. Among the horses were the following: May Queen, dark bay, nine years old, with a record of 2:30; Brunette, dark bay mare, 10 years old, by Rysdyck's Hambletonian, record 2:35 to the pole; a yearling filly, out of Lulu, by Governor Sprague; one 4-year-old, no record, out of Gazelle, whose record is 2:21, by Kentucky Prince; Lulu, a bay mare, 10 years old, record 2:44, having with her an old black filly by old George Wilkes; Gazelle by Rysdyck's Hambletonian, record 2:21. She has a filly by her side by Governor Sprague. The horses were in charge of John Miller, an experienced horseman of Lexington, Ky.

As Goes Peavine so Goes the State.

W. E. Lemmon came in from Peavine to-day with the returns from that precinct. Times were very lively there yesterday, but an extra force of special police managed to preserve order. All hands voted early and often. They pulled off their coats and voted with a will and scoured the country for laggards and apathetics—and nine votes were polled. Eight were for the Democratic State ticket straight, and the other was a scratch. For county candidates the vote was as nearly divided as the number nine will permit.

The Antelope Mine.

Captain Griffin, superintendent of the Antelope mine, has gone below with \$4,000 in bullion, the result of four days' run. He also had with him a lot of metal, said to be nickel, obtained near the mine. The Antelope has developed into a good property. They have recently struck a large body of ore, which, it is said, would attract attention if it were not so handy to civilization. It is gratifying to know that the mine is paying its owners, and that they are being rewarded for their outlay of time and money.

A Common Street Nuisance.

It is nice to have a teamster, through apparent intentional meanness, drive pell-mell into a mud-puddle and dash you from head to foot with splashes from his horses' feet. When several perpetrators of this common street trick have been ruthlessly slaughtered, survivors will have some respect for the rights of pedestrians.

THE RETURNS.

The following are the returns as far as heard from. Verdi will add to the Republican majority while Duck Flat and Salt Marsh will help the Democratic side from 10 to 30 votes.

PEAVINE.

Peavine gave the straight Democratic State and county ticket 7 majority.

FRANKTOWN.

Franktown gave the following majorities: Adams, 17; Burke, 12; Cassidy, 9; Dunn, 11; Tuffy, 8; Richards, 9; Merrill, 9; Preble, 6; Ham, 7; Kaye, 7; McCarthy, 9; Owens, 18; Lemmon, 3; Richardson, 6; Boardman, 7; Flint, 13; Osburn, 14; Williams, 17; Boyd, 5; Stoddard, 2; Alexander, 15; Lodge, 33; Sawyer, 3; Winfrey, 1; Steward, 7; Updike, 7; Stone, 8.

Weather Predictions.

Venior, the weather prophet, predicts as follows: "November may bring a return of open and calmer weather in its fore portion, but the latter part of that month promises to be again stormy and very cold in the northwest and portions of the northern and central divisions of the United States. There is likely to be a cold wave of considerable intensity over the western and northwestern sections of both Canada and the United States towards the close of the month or entry of December." So far this month we have had execrable weather. If it gets any worse no one can be blamed for "skipping out" to a more genial climate.

Political Beats.

Virginia Chronicle: "Where all the political beats come from is a mystery, but they show up on all occasions, and will generously take a drink with candidates, irrespective of party, thus showing an independent and patriotic spirit that is commendable. What these patriots will do for a drink after the election is over is a mystery, but they have reaped a liquid harvest the past few weeks which may carry them through until another election, as the heat imparted to their coppers ought to last for years." Powning's majority in this precinct was 172 and Strother's 39.

Wholesale Slaughter.

Thousands of Deer Killed Annually for Their Skins.

Some idea of the great slaughter of deer which annually takes place in California, Nevada and Oregon may be gained from the trade statistics of the hide dealers. One export house in San Francisco has a pile containing 8,000 deer-skins in its warehouse. It handles annually over 75,000 skins, and estimates the annual number of deer killed at 200,000. The largest portion of the skins come from Northwestern Nevada and Southeastern Oregon, where deer are still abundant. As a rule in this State deer are slain for their food as well as their hide value, while in Oregon and California large numbers of the animals are left to rot, the skins being all that is desired. It is a shame that so much valuable food should be wantonly wasted, especially now that deer are becoming scarcer every year. The Indians about Reno go into the hills every year and have a grand "round-up" or rodeo of all the deer in a large circle of country. When the affrighted animals are well in a bunch, they are mercilessly slaughtered for their pelts, which are sold for a comparative song to traders who are on the lookout for them. Their carcasses are left to rot. Indians should not be allowed to do this any more than white men.

Law-Abiding Saloon-Keepers. Reno saloon keepers, as a general thing, obeyed the law yesterday and closed their places of business, though there were many jugs and bottles bid away on the sly that were consulted so often that quite a number of political rustlers were well ginned up before the polls closed, after which, when the bars had been loosed from the trammels of the law, not a few of "the boys" played a high hand and didn't go home until morning.

Swapping a Congressman for a Road-master. A GAZETTE reporter was told this morning that two politicians dialogued in this way:

"Hullo, P., how's she running?" "Bully, says G." "Want to swap a vote?" "Don't care if I do." "Well, you vote for Blum and I'll vote for Powning." "It's a whack," says P. "Let's take a soak."

The Election in Truckee. The election passed off very quietly in Truckee yesterday. No disturbance of any kind occurred. The thirteen candidates for Constable were busy as missionaries in a newly discovered heathen land, and each one thinks he is the chosen one. There were 329 votes cast, and but one was challenged.
